Valhalla Park Tottenham

Industrial & Logistics Warehouse Development

Valhalla Park, Tottenham is an exciting and unique speculative urban industrial development comprising seven units, with sizes ranging from 6,426 to 79,083 sq.ft.

Located within Transport for London's Zone 3, Valhalla Park, Tottenham provides immediate access to the A406 (North Circular) and the A10, setting us apart as **'Super Prime'**.

The scheme is centrally located and well connected. It's unrivaled in its proximity to the large population of Central London and the wider South East region, enabling potential occupiers to directly access more customers and greater opportunities.

The scheme has been developed to the highest specification and green credentials, achieving BREEAM 'Excellent' and EPC A+, with the building achieving net zero CO2 emissions for regulated energy uses.

- Providing 7 new urban industrial units totalling 151,125 sq.ft.
- All units finished to the highest specification including first floor offices and shower facilities.
- Occupiers benefit directly from photovoltaic panels on all units.
- Fully gated and secure development.
- Unit 5 benefits from a fully gated secure yard and two additional goods lifts to mezzanine storage.
- All units benefit from fast EV car charging points.
- Planning granted for B2, B8 & E(g)(iii).

Located within Zone 3, Valhalla Tottenham provides immediate access to the A406 (North Circular) and the A10 setting us apart as ‘Super Prime’.

Eco Initiatives

Sustainable Future

Valhalla Park, Tottenham provides highly sustainable industrial units. The scheme presents an opportunity for occupiers to minimise their environmental footprint, without compromising on unit specification.

Occupiers will benefit directly from the free electricity generated by the PV system; this will enable a maximum cost saving per annum if all the electricity is used as below;

Unit 1	£11,935 p.a	Unit 5	£61,595 p.a
Unit 2	£7,055 p.a	Unit 6	£17,250 p.a
Unit 3	£7,845 p.a	Unit 7	£19,240 p.a
Unit 4	£9,100 p.a		

*assumption/calculation is based on an assumed rate of £0.28p kW.

BREEAM 'Excellent'

EPC A+

Electric car charging points

Roof mounted PV panels

Ground & air source heat pumps for office heating/cooling

Green walls

Biodiversity enhancements

Thermal insulation and airtightness in excess of building regulations

POTENTIAL SAVINGS OF C. £1.10PSF PER ANNUM*

*Savings based on the energy saving specification including PV panels and building efficiencies when compared to a 15 year old building of a similar size.

Prime Commuting Close Proximity

Valhalla Park, Tottenham is well connected, with quick access to the A406 and just a short distance from the A10. It offers fast routes into Central London and easy links to the M25, making it ideal for commuting and distribution.

Unrivalled Location

Bull Lane, Tottenham, London, N18 1TQ

The property is located just south of the North Middlesex University Hospital, on Bull Lane, just 300 yards to the A406 (North Circular) and just 0.5 miles from the A10, providing fast connections to Central London and the M25 network.

The site further benefits from an excellent local public transport network with both White Hart Lane and Silver Street overground stations within walking distance, further allowing direct access into Central London.

 ROAD	DISTANCE/TIMES	
A406/A10 junction	1.3m	7mins
Tottenham Hale	2.5m	12mins
Enfield	3.5m	12mins
